

To Whom it May Concern,

Citizens of Valier have been expressing their concerns over the lack of enforcement for ordinances within the town. As a council we feel it's our responsibility to do what we can to alleviate those concerns.

We are asking the citizens of Valier to attend the next council meeting on March 10th at 7:00 PM at the Valier Civic Center to bring questions, express concerns and discuss options. The Town of Valier will be considering options to meet our community's law enforcement needs. One option could be a bid for town law enforcement services, which will include enforcement of town ordinances. Currently, the Pondera County Sheriff's Office is contracted with the Town of Valier to provide these services. They have attended the Town Council meetings and have heard the public's concerns.

All law-enforcement agencies interested in serving the Town of Valier, are welcome to contact the Valier Town Office at 406-279-3721 and are encouraged to attend the meeting on March 10th to hear our community's needs and concerns.

Thank you,

The Valier Town Council
